

## Cut Through the Fly America Act Confusion

The Fly America Act regulations provide that federal sponsored funds may be used to pay for flights only on U.S. flag carriers, unless the conditions for an exception are met. For assistance with the Fly America Act regulations and exceptions, contact [Patrick Briscoe](mailto:bris0022@umn.edu), (612-625-3860, bris0022@umn.edu), the University's Export Controls and International Projects Officer. His approval is required in using exceptions, and he will prepare the written exception certification that must be submitted to federal sponsors with certain travel payment requests. You can find related guidance at <http://travel.umn.edu/flyamerica.html>.
