Principal Investigator (PI) Reports in UM Reports

The PI Report category in UM Reports contains reports that include both sponsored and nonsponsored financials specific to projects and ChartField strings associated to a PI.

1. Navigate to: www.umreports.umn.edu

2. Login with an Internet ID (x.500 username) and password. The UM Reports home page displays. The first time UM Reports is accessed, the University’s Appropriate Use Agreement must be read and agreed to, in order to ensure that policies and procedures are adhered to by all employees using UM Reports.

3. Click <Search Reports> in the left navigation menu on the UM Reports home page.

4. Select “Principal Investigator (PI)” as the Filter By category.

Three options are available in this view:

- Sponsored/Non Sponsored Summary - Overall
- Sponsored Project Summary by Budget Period
- Additional reports and drill downs

The additional reports accessed through the bottom link in this view are detail level reports; these are also available through drill down from the summary level reports, Sponsored/Non Sponsored Summary - Overall and Sponsored Project Summary by Budget Period.

Output forms for each report include options for PDF format as well as Excel or CSV format.

A summary description of each report appears below along with the prompts requiring completion with appropriate values. Prompts required to run reports are completed by making selections from a drop-down menu of available values. Note that the Internet ID field includes last name, first name, and Internet ID. When drilling down from a summary level report to detail level reports, the same date or budget period applies. Nonsponsored ChartField string data will only be returned for these reports after departments create the link associating ChartField string values to an Internet ID.
